

БУЛАТ ХАНОВ

КЛУБ

As you may have already realized, this club is a wonderful experience of getting to know and interact with such a person. Participants in the Mindful Reading Club note the tremendous amount of knowledge they receive during meetings, the tremendous amount of motivation to read, and, in general, an important addition to the vocabulary of modern society through discussions with well-read, educated, interested, and intelligent people. Don't miss this opportunity either!
